

SWIMMER OF THE MEET-2009

At the end of each meet, the team captains decide on two 'Swimmers of the Meet'. This isn't necessarily an award for the best race, the fastest time, or the most broken records. It's an award for swimmers who did something special in the meet, whether it be an improved time, cheering on other team members, or good sportsmanship. This award consists of a gold team cap, some goodies from the captains, and the chance to handpick an event at an upcoming meet.
